## Unity Party of Dominica begins march towards victory!

For two long the Dominican Labor party has gone unchallenged by an ineffective anti-Uniter group of parties. The Unity Party of Dominica founded just a few days ago by Andrew Giusto & Bill Hammons will be the true centrist opposition to the Dominican Labor Party which will finally give Dominicans a true moderate vision & hopefully a true moderate government in the future. This innovative new party is currently being founded by acclaimed artist Andrew Giusto & major international political figure Bill Hammons.

How can in a democratic nation one man be in power for just about 20 years? Could it be only a matter of time before the 1 party state is official?

### Hammons: Unity Party of Denmark Peaceful Greenland Solution

“As outlined on that new page of our site, the best solution for Americans, Danes and Greenlanders alike of the Greenland Question stretching back at least to the *Polaris* expedition of the 1800s, a peaceful resolution, is the Unity Party of Denmark,” says Unity Party Chairman Bill Hammons, “It just so happens that Denmark allows non-Danish support for parties (for now), and it just so happens that the Unity Party has developed a bit of expertise in the realm of international political activism, in the form of Unitism (yes, partly in the interest of transparency and partly to show that the Unity Party idea has legs, we’ve started using Google Maps to map out the Unity Parties across the globe, complete with membership counts, links to party pages and relevant campaign finance rules).

## **Term limits**

There is no reason in a democratic nation a prime minister should be able to serve as prime minister for 20 years or serve as an mp for 24 years. Under a Unity Party of Dominica government everyone serving in government will be subject to a limit of two 5 year terms.

## **Internet**

It is in the modern age a fundamental right to have access to the internet with all the new tax money from the new carbon tax it will be simple and affordable to connect the whole island to quality internet.

## **Glass**

Banning plastics is a step in the right direction but there is a way to eliminate plastics save Dominicans millions & jumpstart the economy becoming leaders in a new industry. Glass is 100% recyclable affordable & will create thousands of jobs & make Dominica a leading innovative nation in the push for a circular economy.

## **Income Tax**

There is no need for a income tax in Dominica under a Unity Party of Dominica we will replace Dominica's tax system with a simple tax on climate emissions and refund some tax money to poorer citizens which will energize the economy.

## **Economic Freedom**

It is regrettable that Dominica is economically rated 24/36 nations in the America's relating to economic freedom. The Unity Party of Dominica pledges that within 20 years Dominica will be at least 12th.

A poem by Bill Hammons

First they came for the politicians, and I  
didn't speak up—

Because I wasn't a politician.

Then they came for the judges, and I didn't  
speak up—

Because I wasn't a judge.

Then they came for the journalists, and I  
didn't speak up—

Because I wasn't a journalist.

Then they came for the generals, and I  
didn't speak up—

Because I wasn't a general.

Then they came for me—but ... there was no  
one left to speak up.
